## **Lajac AB acquires Vacitup AB**

Vacitup AB specializes in the design and manufacturing of products for use in various vacuum applications. Products are Filter units, Pre-separators, Big bag stands, Mobile/ Central vacuum cleaners, Hose reels etc.

During the past years, Vacitup has worked closely with Lajac as one of our partners with development, products and technical know-how.

From 2018-01-01 LAJAC AB will own 100% of Vacitup AB.

Vacitup AB will continue sales and production at the facility in Stenkullen /Gothenburg.

We see a great potential of growing Lajac's product range in new developments and volume increases in production at Vacitup AB and also strengthening the Lajac branding in Europe. This will make both Lajac AB and Vacitup AB two strong actors, with bigger and more competitive range of products on the market.

Björn Cagner and Elisabeth Cagner, who today are the owners of Vacitup AB, will continue to work together with us to develop sales, design and manufacturing of products at Vacitup AB.

For more information please contact any of us.

Best regards

**Almir Karahodzic**

CEO Lajac AB
